My Super Hero

I was enjoying cool breeze while I was walking back home. I saw Tom, Bob and Mary, the big bullies in this building, standing in front of the gate.

'Oh! You little pony-tailed girl are back, huh?' said Mary. Then, Tom and Bob held my hands to prevent me from running away. When Mary was pulling my hair as hard as she could, I screamed and tried to attack Mary back. Mary has already knocked me down on the ground. I quickly got up and ran back home but my hair was too long so they grabbed my hair again.

When I was suffering in pain, I heard a clear and loud voice said, 'Stop bullying her and let her free immediately!' Then, I looked around and saw a man was pulling Mary's hair. When Bob and Tom wanted to attack the man, he has already punched them. I have thanked him for three times to show my gratitude. Finally, I went with him and we had a great time.
