

My Classmate

My classmate's name is Anna. She sits next to me. She always helps me in PE and General Studies lessons.

Her favourite subjects are Maths and PE. She's very smart, and she can solve very hard sums! She's also energetic. She likes doing sit-ups, jumping rope, hula-hooping, and more.

Anna is cute and kind. She always shares Nerds with me at recess. When I am sad, she gives me a hug. On my birthday, she gave me a beautiful rug! However, when she is angry, it turns into a racket. She acts like a wolf on a rampage. Though, I still love her!
