

A Story (Water vs. Fire)

The Wingz, Tsunami, Clay, Sunny, Glory, Arctic Antarctica and Starflight were going to the Sea Kingdom to visit Aqua, a dragon with special powers.

After that, Aqua gave half of her powers to Tsunami, her sister. Following this, Tsunami became crazy. She and Aqua teamed up with Queen Coral's enemies: Queen Orca, Princess Wave, Whirlpool and Dolphin. Next, they started a fight with the Wingz. The Wingz believed they could win.

Soon after, the fight began. The Wingz got hypnotized by Queen Orca's Power of Water. Fortunately, Peril's team had the Power of Fire. They turned the Wingz back to normal, and they also won the fight.

This story tells us that if someone gives you something, you need to use it carefully, or it will cause a disaster.
